

# PAVIGYM CT 20 MM

## INSTALLATION:

The tiles are easy to install thanks to the modular interlocking system that avoids the use of adhesives which **reduces significantly the installation time and cost.**

## COLOUR:

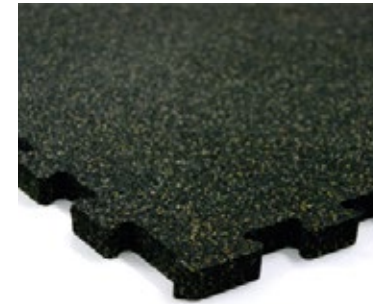

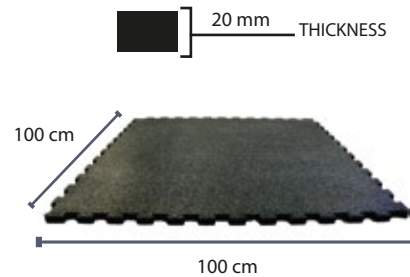

Black Cosmos

## PAVIBASIC CT 20 MM

THE SPECIFIC SOLUTION AGAINST IMPACTS AND FALLS ON THE FREE WEIGHT AREA.

## DESCRIPTION:

Optimal shock-absorbent flooring for **Crossfit and heavy-duty training**. Made with a unique formula using special components with enhanced fire-rating, this flooring is not only fit for heavy purpose use but is unique in terms of its fire resistance, dimensioned stability and aesthetics.

- **High-resistance:** protects the surface and the subfloor, ideal for high impact use.
- **Grip:** provides proper slip resistance, even when wet.
- **Hygiene:** smooth and easy to clean surface.
- **Aesthetics:** hardcore aesthetic with a mixed colour texture that makes it more attractive than the common black flooring.
- **Fire certified:** Dfl-s1.
