

PAVIGYM CARDIO 6MM

INSTALLATION:

The tiles are easy to install thanks to the modular interlocking system that avoids the use of adhesives which **reduces significantly the installation time and cost.**

COLOUR:

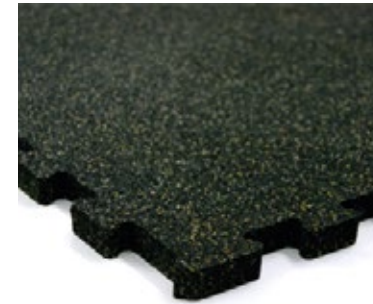

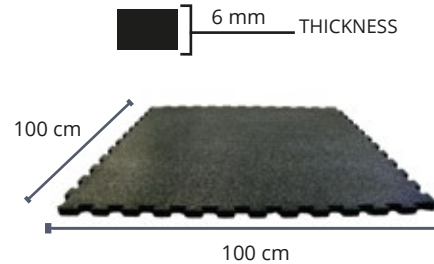

Black Cosmos

PAVIBASIC CARDIO 6 MM

OPTIMAL NON SLIP FLOORING FOR CARDIO & SPINNING AREAS.

DESCRIPTION:

Made with a unique formula using special components with enhanced fire-rating, this flooring is not only fit for high intensity use but is unique in terms of its fire resistance, dimensioned stability and aesthetics.

- **High-density:** ideal for intense, enduring and abrasive use.
- **Grip:** provides the proper slip resistance, even when wet.
- **Hygiene:** smooth and easy to clean surface.
- **Aesthetics:** hardcore aesthetic with a mixed colour texture that makes it more attractive than the common black flooring.
