**Healthy Habits for Happiness**
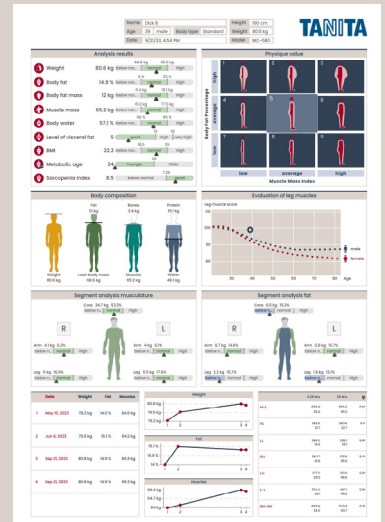

**TANITA PRO SOFTWARE**

# TANITA PRO Software

**Our new TANITA PRO software has additional features, easy-to-understand evaluations and even clearer visualisation.**

Co-developed by TANITA and SportMed SA, manufacturer of the mobee® 360 platform for digital diagnostics, the new TANITA PRO software is an essential tool for use in the healthcare, weight management, sports and fitness sectors.

Tailor the training, fitness and weight-loss programs for your clients with more accuracy, detail and data than ever before. Produce customised reports and printouts and share to a clients' mobile with a simple QR code scan.
